

Who Do I Know?

This contact list will become one of the most valuable business tools you'll ever use. It will help you see that everyone is a potential customer, Host or new Representative—or knows someone who is! Begin by jotting down the names of the people you know in each category—pull out your holiday card list, organization directories and your address books. Everyone will benefit from being involved in your Signature HomeStyles business in some way, however it works for them!
